

PRESS RELEASE

The Samaya Seminyak Celebrated World Environment Day 2017

Bali, June 7th 2017

World Environment Day is the United Nations' most important day for encouraging worldwide awareness and action for the protection of our environment. It was started in 1974 and now it is widely celebrated in over 100 countries every 5th of June.

This year, The Samaya Seminyak participated on this protection environment day by having a short outdoor class about environment education. This class was attended by 30 trainees from all departments. The class talked and explained about tetra pack; what tetra pack is and the process of recycling tetra pack; the recycle of cooking oil where The Samaya Seminyak works together with Caritas Switzerland/Lengis Hijau to recycle cooking oil into biodiesel, what biopori is and how to make it, waste separation and how to make fertilizer from fallen leafs. Hopefully this short class can improve the knowledge of environment and can give more encourage to protect and care the environment around us. (smy/sh)
